Call-A-Messenger, Inc., holds Certificate of Public Convenience and Necessity No. 55 from this Commission issued March 8, 1979. Said certificate authorizes charter operations pursuant to contract.

Commission Regulation No. 70-11, which became effective July 23, 1979, reads as follows:

Within 30 days from the effective date of this regulation, the Executive Director or his designee shall issue authorization to all carriers heretofore certificated to conduct charter operations pursuant to contract to continue such operations pursuant to the special certificate of public convenience and necessity set forth in subsection 70-09 of this regulation to the extent said operations are the subject of effective tariffs (including contracts) then on file with the Commission. No application pursuant to subsection 70-04 shall be required for issuance of such authorization. Upon the 60th day after the effective date of this regulation all certificates of public convenience and necessity authorizing charter operations pursuant to contract (except the special certificate set forth in subsection 70-09 of this regulation) shall, to that extent, stand terminated and no charter operations pursuant to contract shall be conducted pursuant thereto. The Executive Director or his designee shall cause revised certificates of public convenience and necessity to be issued as appropriate.

On this date the Commission has issued an authorization pursuant to Regulation No. 70-11 permitting the continuation of the above-described operations in accordance with Special Certificate of Public Convenience and Necessity No. 1.
